

# Get to Know Apple Pay™

As a valued credit card member of Country Club Bank, we are excited to announce that you can now use Apple Pay! With a single tap it's possible to make secure, mobile payments at over 220,000 locations. Apple Pay is a mobile payments technology that allows you to make a purchase with an iPhone® 6, the iPhone 6 Plus or even a new iPad® using your credit card. And you're able to authenticate purchases with a thumbprint. It's easy to use Apple Pay. First, make sure you have the latest version of iOS 8. No other apps are needed. Then, add your credit card to Passbook® by taking its picture and following directions on your iPhone. Once your credit card is verified, you're ready to shop.
