How it Works

It's Fast:

Money is sent instantly with recipient's contact information and payment amount.

It's Convenient:

There are three easy ways to send a payment.

- Send to email or mobile number
- Deposit into bank account* – enter the recipient's banking information and you can deposit the money directly into their account
- Send instantly using PayPal* account

Recipient Claims – lets the recipient choose how they want to receive the money.

It's Safe:

With People Pay, you never have to visit a third-party website. Everything you need to pay people is right here!

* fees may apply.

Sending Money

Provide the recipient's name, email address or mobile phone number.

Enter the payment information and dollar amount you want to send.

Press send – your work is done!

You've Got Money

Once the money has been sent, the recipient will receive an email or a text message with instructions on how to claim the payment.

Transaction Complete

Within seconds, the money is available.

It's that easy!
